## Compact Disco

Shes moving like shes no crybaby,  
no Buttercup.  
She definitely does, not maybe,  
what she wanna do. She knows Im gonna do what she asks,  
no I dont wanna do-s,  
If someone can make us all get down,  
its her, so we do. Chorus:  
Get down, its all she wants, oh-oh-oh,  
Get down, all she wants, oh-oh-oh.  
Get down, its all she wants, oh-oh-oh,  
Get down, all she wants, oh-oh-oh.  
(And it feels alright to get down).  
Get down, get down, get down She can pep you like no MC,  
nor any pro.  
If she dances in an empty marquee,  
soon it will be full.
