

Dumb Reminders

No Use for a Name

i heard the message i didn't get you till 1 am then i rang it off the hook who was wrong and who was right and this distance caused a fight now i'm ready to give in honestly i'd give anything right now to be with you having a good time can't you tell this town is full of dumb reminders hang up the phone and then i come back down miss you i hope you're doing well i'm used to waiting i think i'm dying without you here what's a voice without a face so i drink myself to sleep and i try to disappear and then i hide beneath the sheet i get up alive every single time 'cause you keep me this town is full of dumb reminders how far ahead from you in miles if i could get one time as take it down maybe then i could see you this town is full of dumb reminders having a good time can't you tell hang up the phone and then i come back down miss you i hope you're doing well
