Haunted

Go West

Makes him a winner
Standing in the dark just out of sight
Checks his collar
Wondering who will he be tonight?Haunted
Some people can be so sure of their hearts
Haunted
Same people can be so wrong for the partMen in movies
Cast no shadows in the light
Frame by frame
Heroines caught in black and whiteHaunted
Some people can be so sure of their hearts
Haunted
Same people are so wrongFact or fiction
Dangerous to lose sight of the line
These moving pictures
Still moving but running out of timeHaunted
Some people can be so sure of their hearts
Haunted
Same people are so wrongHaunted
Some people can be so sure of their hearts
Haunted
Same people are so wrong
