Holla At Me

Isyss

All night we been catchin' eyes between the two of us
And ya been bumpin' into me
I really think I must
Oh, learn ya nameI wanna conversate
But you're not sayin' a damn thang
I think I like ya style ya frame
Don't be afraid I'm not vainI feel ya eyes from across the room
They're hiding in disguise
So I look and I crack a smile
Start feelin' butterfliesOh, I'm kinda shy but I wink my eye
'Cause you're so fly you're a cutie pie
You keep lookin' and ya walkin' by
But you still haven't stepped to meCome and holla at me now
You don't need to be afraid of me
Why don't you come and talk to me
Right now I wanna meet ya before I leave
Step to me, come and holla at me nowSumthin' tellin' me, ya feelin' me
I know that you been watchin' me
Right now I wanna meet ya before I leave
Step to me, come and holla at me nowCome and holla at me now
You don't need to be afraid of me
Why don't you come and talk to me
Right now I wanna meet ya before I leave
Step to me, come and holla at me nowSumthin' tellin' me, ya feelin' me
I know that you been watchin' me
Right now I wanna meet ya before I leave
Step to me, come and holla at me nowLooking out the corner of my eyes
I see you follow mine
I get up and I fix my hair
Start walkin' to ya sideOh, and I lick my lips and my shirt I fix
I really wanna be up in ya mix
You need to come and step to this
Or this opportunity we'll missThen ya homeboy grabs my hand
I'm wishing it was you
(Wishing it was you)
I told him that I had a man
Just twistin' up the truthBut before I leave, you I wanna see
And if you don't come and talk to me
Ya see, this guy right next to me

All night he has been buying me drinksCome and holla at me now
You don't need to be afraid of me
Why don't you come and talk to me
Right now I wanna meet ya before I leave
Step to me, come and holla at me nowSumthin' tellin' me, ya feelin' me
I know that you been watchin' me
Right now I wanna meet ya before I leave
Step to me, come and holla at me nowCome and holla at me now
You don't need to be afraid of me
Why don't you come and talk to me
Right now I wanna meet ya before I leave
Step to me, come and holla at me nowSumthin' tellin' me, ya feelin' me
I know that you been watchin' me
Right now I wanna meet ya before I leave
Step to me, come and holla at me nowThe dance floor is crunk now baby
And I'm tired of standing here by myself
And you know I'm not feeling nobody else
I been around and seen the crowdAnd you the only brotha that is sittin' down
'Cause you're the one that's holding out
So wancha come and holla at meCome and holla at me now
You don't need to be afraid of me
Why don't you come and talk to me
Right now I wanna meet ya before I leave
Step to me, come and holla at me nowSumthin' tellin' me, ya feelin' me
I know that you been watchin' me
Right now I wanna meet ya before I leave
Step to me, come and holla at me nowCome and holla at me now
You don't need to be afraid of me
Why don't you come and talk to me
Right now I wanna meet ya before I leave
Step to me, come and holla at me nowSumthin' tellin' me, ya feelin' me
I know that you been watchin' me
Right now I wanna meet ya before I leave
Step to me, come and holla at me now
