86'd (Good As Gone)

Circle Jerks

I read the mail today
They're throwing me out of town
There isn't anyway
I get to stick aroundThey took my stereo
When I turned the volume up
And when I gave them drugs
They couldn't get enoughTurn the tourniquet
Till I'm sick of it
See the other side
Always overdrawn
Feeling like a pawn
Somebody lied, somebody liedI got the news today
They'll tear my apartment down
There isn't anyway
I get to stick aroundI never thought I'd see
New condos going up
And now, I gotta scream
That I've had enoughTurn the tourniquet
I'm so sick of it
Where's the other side?
No more bills to pay
Neighbors gone away
Somebody died, somebody liedTurn the tourniquet
I'm so sick of it
Where's the other side?
No more bills to pay
Somebody lied
