

Lost In the Woods

The Afghan Whigs

Surprise surprise
I'll have you know I've come to see you die
I'm hard to find
You'll never tell You know me by now
You know me by now
You do Raison why?
Call it conversation
Call it occupation
We'll be here awhile
Baisons now,
Before it's too late
Before you betray yourself
And I to you Went to the levy
Dove into the water
Dove into the water
Unchaining my light Fate, the believer
Sanctified redeemer
Camouflaged deceiver
So covetous, I
But you Baby,
Sitting outside in the cold
I can see that you're not alone
That's vanity swallowing u
Come and see
How, baby
Soon she'll be picking her teeth Not dead
I'll see you all again
In time we all descend
Not yet
And I won't leave til I know what I need to know
You know me by now
You know me by now Baby,
Fear has a mind of its own
Undress, it'll seep in your bones
And I see how it waited for you
And I see how it baited the hook
Now you're gone and you ain't coming back Baby,
Sitting outside in the cold
I can see that you're not alone

Calamity following you
Come and see
That baby,
Sin is a line in a poem
Unknown with a need to be known
A throne in a room with a view
but you're lost in the woods
