Through the Trees

Edith Frost

I'd like to be your mirror
Before it's someone else's turn
And try to get it right
And hope my karma improvesOr did i do you wrong
Or did i wait too long
Did i run through the trees
Did it cut you
Content to rest
Between the sky and the seaOr did i do you wrong
Or did i wait too long
Did i run through the trees
Did it cut you
Content to rest
Between the sky and the sea
