Waterfall

Griffin House

Baby, stay with me you know I will never give up
Sometimes when the rain falls down I wait there until it is done
Patiently I wait for thee, prayers for me ain't enough
So many waterways leading out, why'd we give it up?And your boat goes by, down to the waterfall
And the time goes by, like trees on the riverbanks
And your time rushing by, down to the waterfall
I hear your call, I know you'd sound amazed if you'dHold on to your love, it might not be coming back
Hold on to your love, it might not be coming backBaby, I didn't mean to come, have I interrupted your fun?
Maybe, if I could've known, I would have waited until it was done
Impatiently, I wait for thee, 'Pray for me' ain't enough
So many waterways leading out, why'd we give it up?And your boat goes by, down to the waterfall
And the time goes by, like trees on the riverbanks
And your time rushing by, down to the waterfall
I hear you call, I know you'd sound amazed if you'dHold on to your love, it might not be coming back
Hold on to your love, it might not be coming backWipe off your tears pick up your feet
Cause you got miles and miles and miles and miles to go yet
If anyone makes you feel, you've been waiting too long
Oh, I've been waiting for you, I been waiting for youIf you hold on to your love, it might not be coming back
Hold on to your love, it might not be coming back
