

That Girl Belongs to Me

Another Level

Take just one look around me
Tell me what you see
Your reflection and the brokenhearted memory
I tried so hard to do the best I could
You lied and now we got to get this understood Don't cry, don't call me
I don't want you around me
Who are you to judge me
I'm only what you made me You should have took advantage
Of every waking moment
But you thought that you had time to waste
And you were so dead wrong
I tried so hard to do the best I could
You lied and now we go to get this understood Don't cry, don't call me
I don't want you around me
Who are you to judge me
I'm only what you made me I don't want to see your tears
I don't want to hear your voice
Don't you know you made the choice
Boy you did me so wrong Don't cry, don't call me
I don't want you around me
Who are you to judge me
I'm only what you made me Don't cry, don't call me
I don't want you around me
Who are you to judge me
I'm only what you made me Take just one look around me
Tell me what you see
Your reflection and a brokenhearted memory Don't cry, don't call me
I don't want you around me
Who are you to judge me
I'm only what you made me
