

Popsicle

New Kids On the Block

You're my pop-si-cle
From the very first time I met you, Girl, you captured me
You're my pop-si-cle
All I know is that you make me feel so fancyfreeGonna love you for a lifetime
And I know you're gonna love me too
You make me feel, feel so real
And it feels so good, through and throughSweeter than candy
Better than cake
And everytime we kiss
It feels oh so greatGirl, can't you see?
You're the one, you're the one for meYou're my pop-si-cle
From the very first time I met you, Girl, you captured me
You're my pop-si-cle
All I know is that you make me feel so fancyfreeWhen I call you up on my favorite party line
You sound so sweet, Girl. You're blowing my mind
Our love is much better than any other I know
And it keeps on growing, more and moreGirl, can't you see?
