

# Recollection

**M. Ostermeier**

Crossing the skyway  
All shown  
Miles away  
From home  
True recollection of what we were  
Light reflection to fade  
The road now surrounds me  
True recollection of what we were  
Light reflection to fade  
So sweet complexion, you bade:  
"Show me affection"  
Ahh it's too late- oh!  
The road now surrounds me
