It's my world  
It's my world  
Running, breathing, deceiving  
Take and make what you breath in  
Know me, show me, hardly  
No you can't A and R me  
I pretend I don't exist, I close my eyes and wish  
Taste like liquorice and sound so devilish  
Slide across the floor, move a little more  
Take a sip and pour, I've heard it all before  
It's my world, gonna take it now  
Make it now, make it shout  
All this green gonna make me mean  
Make me dream, make me skim  
It's my world, gonna take it now  
Make it now, make it shout  
All this green gonna make me mean  
Make me dream, make me skim  
They say where have you been  
What you're leaving in  
Clean crawl far I could even more  
(I'm feeling)  
I should have to seesaw  
(Kill)  
(I offer a 3, 4)  
I crawl across the floor  
(So you live more)  
In the day mix  
(So you live more)  
They play cheap tricks  
I pretend I don't exist  
  
I close my eyes and wish  
My thoughts are devilish  
My thoughts are just a wish  
It's my world, gonna take it now  
Make it now, make it shout  
All this green gonna make me mean  
Make me dream make me skim

It's my world, gonna take it now  
    Make it now, make it shout  
All this green gonna make me mean  
    Make me dream make me skim  
        It's funny how you feel  
        The eyes in your head  
        The brain and spine  
Releases fluid when you're dead  
    Then you start to shed  
Turning to something else instead  
    Something else was said  
    Someone else's sunset was red  
It's my world, gonna take it now  
    Make it now, make it shout  
All this green gonna make me mean  
    Make me dream make me skim  
It's my world, gonna take it now  
    Make it now, make it shout  
All this green gonna make me mean  
    Make me dream, make me skim  
        It's my world  
        It's my world
