

# Burn Out Bright

## Switchfoot

I wanna burn out bright  
Does it have to start with a broken heart  
Broken dreams and bleeding parts?  
We were young and world was clear  
Young ambition disappears  
I swore it would never come to this  
The average, the obvious  
I'm still discontented down here  
I'm so discontented  
If we only got one try  
If we've only got one life  
If time was never on our side  
Well, before I die I wanna burn out bright  
I wanna burn out bright  
So a spark ignites in time and space  
To make it through this human race  
You fight and crawl your way back home  
But you're running the wrong way  
The future is a question mark  
With kerosene, electric sparks

There's still fire in you yet  
Yeah, there's still fire in you  
If we only got one try  
If we've only got one life  
If time was never on our side  
Well, before I die I wanna burn out bright  
I can't clean up the mess I've made  
I can't clean up the mess I've made  
I can't sleep in the bed I've made  
I can't sleep in the bed I've made  
If we only got one try  
If we've only got one life  
If time was never on our side  
Before I die I wanna burn out  
Before I die I wanna burn out  
Before I die I wanna burn out  
Before I die I wanna burn out bright  
If time was never on our side

Before I die I wanna burn out bright
