Cascade Leviathan

Lock Up

Sulfur ritual, seeking shelter, bitter rhymes
Fathomless, the hidden psalm sedates the mind
Daggers of stigmata lines of truth arise
Bestial hoops and stillborn walls are magnifiedCascade leviathan
Dragging time, dismembered youth
Cascade leviathan
Primed the sorry dregs are drainedOrchestras of havoc humming violent themes
Nests in mirrors, satellites, corroding dreams
Sects of shivers, premature the scorpion sting
Senses shot beneath an abscess rhapsodyCascade leviathan
Dragging time, dismembered youth
Cascade leviathan
Primed the sorry dregs are drained
