

Bumble Bee

Honey B. & T-Bones

Bumblebee

You're my little bumblebee

Always there to rescue me

When trouble comes awry

Can't you see

What it is you mean to me

Everything is peachy keen

When you're by my side

Walking home from her house

Couldn't think of things to say

Walking home from your house

Mercury's in retrograde

Even though I couldn't find the words to say

It's understandable hey hey

Bumblebee

You're my little bumblebee

Always there to rescue me

When trouble comes awry

Can't you see

What it is you mean to me

Everything is peachy keen

When you're by my side

Stuck inside a dream

Hope it lasts forever

As long as we're together

Gonna dream my life away

Vividly I see

That stark white stork approaching

Lately he's been coaching

Our little family
