## **Impenetrability**

## **Aftershock**

Pedant...Godhead...affix...madness. Immune me from all I see. Secure me in all I see. Pedant...Godhead...affix...madness. Immune me from all I see. Secure me in all I see. Cleave through numb proof. Consume vile truth. You immune me from all I see. You secure me in all I see. Sedate my ego. Impune my virtue.
