Cant Stop Rockin

[ZZ Top](#)

You heard about the rock for sometime, I know
It's easy to do when you feel the roll
Make you wanna get up, make you wanna move your feet
No matter how it's done you know it can't be beatAnd I can't stop rockin'
No, I can't stop rockin'
Well, I can't stop rockin'
Baby, till I lose my mindSomebody said, "It's wrong but I know it's all right"
Then it really hits you like a shot in the night
I'm never gonna stop as long as I can stay
Listen to me now, can't you hear me say?I can't stop rockin'
No, I can't stop rockin'
Well, I can't stop rockin'
Baby, till I lose my mindI like to work it down low, I like to work it to the top
And when it starts rockin', I ain't never wanna stop
It get yourself loose, get yourself high
I love to feel the motion and I'm tellin' you why'Cause I can't stop rockin'
No, I can't stop rockin'
No, I can't stop rockin'
No matter what they do do do do do or say
No matter what you do do do do do or say, no no
