

Kiss You Good Morning

Jake Owen

I was good at the game, when I had
Nothin' to lose, then you started playin'
It changed all of the rules
I stole my share of good hearts in the night, then vanished before the dawn
And for the first time in my life, I know exactly what I want I wanna kiss you good morning, its not late
Its one end in good night, it's just the start of our story
And the ending is nowhere in sight
I wanna hold you all night, and the first sign of light
Every day for the rest of my life, from now on
I wanna kiss you good morning Its never been me, to open every door
Or leave little notes, or spill my heart on the floor
I wanna cross that secret line, that says now were more than friends
I wanna drink that lovers wine, fall asleep and then I wanna kiss you good morning, it's not late, it's one ending
in good nite
Its just the start of our story, and the ending is nowhere in sight
I wanna hold you all night, and the first sign of light
Every day for the rest of my life, from now on
I wanna kiss you good morning
