

Breaking the Angle Against the Tide

Craft Spells

Its hard to keep around when you feel dead inside all the time

Think Ill leave you for the hardest of times

So breaking the angle against the tide and called it mine

Youve wasted too much of my time sometime

In the heart of haze its hard to cry, stay inside

Find within, I cant put it aside

So breaking the angle against the tide and called it mine

Youve wasted too much of my time sometime
