In The Dark

Joee Cons

Yea
All this time I've been waitin'
To get you in this room alone
Now you're here, it's time, listen
This can't be real
The time has come for us to do our thing
What I mean by do our thing is
Come in and shut the door
You gon' ring then press ignore
I'ma give you what you waitin' for
I am so anxious but a little nervous
I know that you're the one
So I can't explain what you do to me
So turn off the lights, let's make it right
Girl, I wanna take it, yea
In the dark
We can get touchy, feely, I'ma make sure you feel me
Girl, I can't wait to get us in the dark
This time can't be wasted, girl, I'm tryna taste it
Baby, come and meet me in the dark
Don't be afraid when I touch you, I just wanna love you
We can get busy in the dark
It's time to get our grind on, baby, don't be shy, no
All these things can happen in the dark
Don't want to complicate the situation
So I'ma try my best to make it comfortable for you
Girl, you won't believe what's happenin'
You gon' feel like a virgin again
Guarantee you come back again
One, we don't need no candle lights
Two, the moon is shinin' bright
Three, baby, all I need is your legs wrapped around me
Four, we don't got no time for games
Five, I wanna hear you scream my name
Six, 'cus it's time for me to set myself up into you

In the dark
We can get touchy, feely, I'ma make sure you feel me
Girl, I can't wait to get us in the dark

This time can't be wasted, girl, I'm tryna taste it
Baby, come and meet me in the dark
Don't be afraid when I touch you, I just wanna love you
We can get busy in the dark
It's time to get our grind on, baby, don't be shy, no
All these things can happen in the dark
All day I've been waitin', oh, for you girl
Gonna take you, gonna take you on this ride
I'm gonna show you how I get down
Gonna show you how I get down
I know that things will happen
If you don't know baby I will
Tomorrow we gon' do it again
And again and again and again
But there's one more thing that I gotta tell, girl
Please don't tell nobody what we do
In the dark
We can get touchy, feely, I'ma make sure you feel me
Girl, I can't wait to get us in the dark
This time can't be wasted, girl, I'm tryna taste it
Baby, come and meet me in the dark
Don't be afraid when I touch you, I just wanna love you
We can get busy in the dark
It's time to get our grind on, baby, don't be shy, no
All these things can happen in the dark
Now it's really time
In the dark
For everything to happen
Between me and you
In the special place
In the dark
Yea
