Black the Sun

Alex Lloyd

Black the sun
Oh no, look at what we done
Go away
Oh no, won't you please stayAnd dream of me
I wish you would dream of me
Dream of me
I hope you will dream of meWords we speak
Pictures are the only things I keep
Rinse my mind
I'm sure it will join me in timeAnd dream of me
I wish you would dream of me
Dream of me
I hope you will dream of meUp on your feet, around the bend
Searching, I hope it never ends
Walking your lonely street again
Tide meets the shoreOn a silent roadAnd dream of me
I wish you would black the sun
Dream of me
I wish you would black the sunDream of me
I wish you would black the sun
Dream of me
I wish you would black the sun
The sun
