# As I Grow Old

## Aeges

you wrap yourself up like a pill
disguises are what makes you real
i take them down as i've been told
to rid myself of sins i hold
who's gona rescue me
who's gona watch me as i bleed
who's gona be my hand to hold
will you watch me as i grow old
the lights go down, so do i
it's hard to keep these open eyes
so i let go as it begins
who's gona rescue me
who's gona watch me as i bleed
who's gona be my hand to hold
will you watch me as i grow old (x8)
you wrap yourself up like a pill
disguises are what makes you real
