## I Can See Her

## Nick Roes

I canâ€<sup>TM</sup>t wait to have her; I want her so bad, The most beautiful love that I ever could have. Please Lord I want to be blessed by her kiss. Show to me what for too long I have missed. And I can see her; sheâ€<sup>TM</sup>s not far away. Soon sheâ€<sup>TM</sup>ll be here. I pray for that day.

Though weâ€<sup>TM</sup>ve glanced at each other, we never have met. She sure is illusive; she plays hard to get. But anything worthwhile has to come slow, And Iâ€<sup>TM</sup>ve waited so long and I do want her so. And I can see her; sheâ€<sup>TM</sup>s not far away. Soon sheâ€<sup>TM</sup>ll be here. I pray for that day.

> So many have cried trying to win her heart, Everyone wants her, but no one will start. Until she is mine, my longing wonâ€<sup>TM</sup>t cease. I want her now. And I can feel her; sheâ€<sup>TM</sup>s not far away. Soon sheâ€<sup>TM</sup>ll be here. I pray for that day.
