Things'll Never Be the Same (Alternate Mix)

Spacemen 3

(Kember/Pierce)Let me tell ya about this life
I got mine and he got his
Tell me people what do you see
Tell me people what you think of me
And I'll let you know just how I feel
If you let me know when your life gets too real
We'll put some love deep in our veins
Somewhere in our hearts, things won't be the same
I had a girl, I gave her all my cash
But that kind of love just ain't gonna last
I know a stuff that's as good every time
But it's still gonna rob me of everything that's mine
So babe let me know how do you feel
And babe let me know when your life gets too real
We'll put some love deep in our veins
Somewhere in our hearts, things won't be the same
I coulda had a girl to straighten out my life
Fall deep in love and take that babe for my wife
I coulda had religion but that ain't too good
I coulda had a heart and done things like I should
So babe let me know how do you feel
And babe let me know when your life gets too real
We'll put some love deep in our veins
Somewhere in our hearts, things won't be the sameThings won't be the same
