

Never Leave You (feat. Amelle)

Tinchy Stryder

Amelle:

Woah, woah, and I will never leave ya

Woah, woah, and I will never leave ya Im still lovin you, like it was the first time

Im still lovin you, like it was the first time Tinchy:

(Like the very first time)

yo ive been here right here in them bold streets

late nights tryna write mums sayin go sleep.

a king here music world at my own feet

dealing with the mainstream thank the lord daily

Im sincere and ive been from the start

ask Dyl (Dizzee Rascal), ask Will (Wiley), man I've had it in my heart

so I drop tears cause everythings changed reminiscing them days tryna turn the page Amelle:

Cause ive been around the world ive seen so many places, livin the life ive worked so hard to make it, trading the world for money, stars, and power, living my life at 100 miles an hour. Im still loving you like it was the first time,

Im still loving you like it was the first time Woah, woah, and I will never leave ya

Woah, woah, and I will never leave ya Tinchy:

you must be joking, dont tell me that its over

Im driving the scene forward Im a chauffeur

its open so come we all enter

tired of being in the back now we're center

we're chosen but they're telling us we're selling out

all we wanna do is open doors man hear me out

were frozen cause they left us in the cold

only right I took my chance now I'm bringing it home Amelle:

Cause I been around the world I seen so many places living the life iv worked so hard to make it trading the world for money stars and power living my life at 100 miles an hour Im still loving you like it was the first time

(Like the very first time)
