Didn't Know You Could

Randy Rogers Band

Peace of mind combined with everything you didn't say
Leaves me lonely only for the night and everyday
You always run away from me and I run away from youIt's all the same, I'm ashamed it had to turn out this way
Now every time reminds me how it's all a big clich
You always run away from me and I run away from youAnd I wish this time you would be mine for good
But the reason why you never stay is you say
You didn't know you couldDidn't know you could turn back right then
And spend your life with someone you just let goA once in a lifetime blind love never saw the light of day
It cost us forever for better or for worse
That's the price we payAnd I wish this time you would be mine for good
But the reason why you never stay is you say
You didn't know you couldAnd you always ran away from me and I always knew you would
And you say the reason why you never stayed
Is you didn't know you could
