

Bewildered

James Brown and The Famous Flames

Bewildered, lost in a dream
In the love I need, why did we part?
Bewildered, has love, has love died dear?
Wishing your heart could feel what's in my heart
 Must I have sleepless night
 And endless days?
Oh love, why did you keep my soul?
 Without a spark I'm in the dark
 Bewildered, I need your
I need your, I need your guiding hand
 I'll never, no, I'll never understand
How you can love me, how you can love me
How you can love me, how you can love me
 How you can love me and leave me
 Bewildered, bewildered
