

# Moon Cry (feat. Papo & Mike G)

## Ash Riser

I used to think this was impossible  
Now I realize that I'm on top the world  
Hey  
The moon cries, we go out to sunset  
Show face, fake smile act important  
No cover charge bitch what you're thinking  
Spit your game and state your reasons  
I'm inside you, act like you don't know  
Oh  
I'ma just have to go out on my own  
Oh  
You're the type that goes out every weekend with your fucked up friends  
Us, we're making nothing into something  
No conversations  
She called my on my phone and said she missed me  
And she love me and she always thinking of me  
But she moved on cause I would do wrong  
Yeah I fucked up, I tried to lie about it  
So she wouldn't cry about  
But she knew the truth anyway  
So I just manned up and told her about the other day  
Yeah, told her about the other day I used to think this was impossible  
Now I realize that I'm on top the world  
Hey  
The moon cries, we go out to sunset  
Show face, fake smile act important  
No cover charge me what you're thinking  
Spit your game and state your reasons  
Beautiful disaster, more beautiful than child laughter  
She lives with intentions of the word spelled backwards  
With the veil over her face she couldn't mask it  
If they ever ask you, you was just an attachment  
Still any instance you're the baddest at this plastic, still stagnant  
For me not to pass was an accident  
For you tripping is a habit, almost automatic  
Sunshine got my heart beating like it's drumline  
Sometimes I can't help but to rhyme  
I know your mind wanders around to find numbers behind  
Motives to invade my privacy

A common thief as this is what you say to me  
Saying "Hold me, save me, baby  
Lay to the days end  
Maybe stay for me lately  
You've been waiting patient  
"Hold me, save me, baby  
Lay to the days end  
And maybe stay for me lately  
You've been waiting patient"  
We can go deeper than oceans  
Lakes as we float in, skate in motion placement  
"Hold me, save me, baby  
Lay to the days end  
And maybe stay for me  
Stay for me..."I used to think this was impossible  
Now I realize that I'm on top the world  
Hey  
The moon cries, we go out to sunset  
Show face, fake smile act important  
No cover charge bitch what you're thinking  
Spit your game and state your reasons  
I'm inside you, act like you don't know  
Oh  
I'ma just have to go out on my own  
Oh  
You're the type that goes out every weekend with your fucked up friends
