Teen Idol Eyes

Swingin' Utters

They always look in all directions
Searching for prey, playing the field
They're set like diamonds of pure pretension
All polished, plastic overkillTeen idol eyes
Teen idol eyes
Teen idol eyesI've seen them seethe with satisfaction
Made-up and false and sterilized
Disposable like tainted poison
Predictable and vain and lyingTeen idol eyes
Teen idol eyes
Teen idol eyesQuit the quailudes like the carpenter
who made you take them in the first place
Beat the bottle like tab's weimaraner
Pass out the weapons to the fan base
Do you wanna get organized?
Do you wanna get stabilized?
Dilate the egos like a teen idol's eyesEnvied, bought, sold, and then exploited
Tragic and blank and overpaid
Pretty and handsome and so polluted
So void of spills and spats and painsTeen idol eyes
Teen idol eyes
Teen idol eyesThese are the words I mean to give you
One fine day they'll find their way to you (Bonnel/Koski)
