# The Bleeding

## Cannibal Corpse

BleedingSlicing through the flesh
A knife stuck in your neck
Stabbing out your eyes
Cutting through the spineBlood burning through my veins
We have risen from the graveLive, lifeDead for years, now alive
The dead came to lifeDead creatures out for blood
After death we will awaken
Unhuman beings from beyond
Rotting zombies out for bloodBleed, bleedBleeding through my pores
Clotted pus, crusts my skin
My body cold but I live on
BleedingThe dead awaken, living rotten
Rotten living deadSlicing through the flesh
A knife stuck in your neck
Stabbing out your eyes
Cutting through the spineBlood burning through my veins
We have risen from the graveLive, life, dead
