

The Bleeding

Cannibal Corpse

Bleeding Slicing through the flesh
A knife stuck in your neck
Stabbing out your eyes
Cutting through the spine Blood burning through my veins
We have risen from the grave Live, life Dead for years, now alive
The dead came to life Dead creatures out for blood
After death we will awaken
Unhuman beings from beyond
Rotting zombies out for blood Bleed, bleed Bleeding through my pores
Clotted pus, crusts my skin
My body cold but I live on
Bleeding The dead awaken, living rotten
Rotten living dead Slicing through the flesh
A knife stuck in your neck
Stabbing out your eyes
Cutting through the spine Blood burning through my veins
We have risen from the grave Live, life, dead
