

Wild Child

Brett Dennen

I am a wild child, yes I am
I love the country and I
I wanna run free and I
Don't wanna live up to anyone's plan
I wanna feel the good vibes and I
Wanna feel the sunshine with you,
By my side I am, I am, I am, I am
I am a wild child, momma
You can, you can, you can, you can
You can hold me tight if you wanna
If you wanna hold me tonight Take me where the music's playin'
Get me on the dancefloor
Pull me a little closer
I am a wild child, yes I am
I wanna feel the good vibes and I
Wanna feel the sunshine with you,
By my side I am, I am, I am, I am
I am a wild child, momma
You can, you can, you can, you can
You can hold me tight if you wanna
If you wanna hold me tonight I am, I am, I am, I am
I am a wild child, momma
You can, you can, you can, you can
You can hold me tight if you wanna
If you wanna hold me tonight Oh, I, oh, I
Wild child, momma
Oh, I, oh, I
Hold me tight if you wanna
If you wanna hold me tonight
