

Man Smart, Woman Smarter

Harry Belafonte

I say let us put man and a woman together
To find out which one is smarter
Some say man but I say no
The woman got the man de day should know And not me but the people they say
That de man are leading de women astray
But I say, that the women of today
Smarter than the man in every way
That's right de woman is uh smarter
That's right de woman is uh smarter
That's right de woman is uh smarter, that's right, that's right Ever since the world began
Woman was always teaching man
And I you listen to my bid attentively
I goin' tell you how she smarter than me Samson was the strongest man long ago
No one could a beat him, as we all know
Until he clash with Deliah on top of the bed
She told them all the strength was in the hair of his head You meet a girl at a pretty dance
Thinking that you would stand a chance
Take her home, thinking she's alone
Open de door you find her husband home I was treating a girl independently
She was making baby for me
When de baby born and I went to see
Eyes was blue it was not by me Garden of Eden was very nice
Adam never work in Paradise
Eve meet snake, Paradise gone
She make Adam work from that day on Methusaleh spent all his life in tears
Lived without a woman for 900 years
One day he decided to have some fun
The poor man never lived to see 900 and one
