Siren (Theme from -Home Fires-) [Audio]

Samuel Sim

I can see them talking but I only hear the voices in my head.
Waiting for the moment they'll be calling to me.
And if I try I'll remember all the words I've never said.
Only now the others hold no meaning for me.
And I see with wide-open eyes of blindness.
I'll leave the ever-calling cries in silence.
Every place we go, we shouldn't go.
We see.
We shouldn't see.
We know.
We'll never know.
We'll go.
Then all I want.
All I see.
All I fear is waiting for me.
Now I see.
I'll be with eyes wide open.
I see way over.
I see wide open eyes.
I hear ever-calling cries.
Somewhere we know.
I will be there where he will never be.
I'll be waiting for us now.
Strong enough.
Waiting for me.
I see way over.
I see ever-falling skies.
