

# Ignite

## Zedd

[Verse 1]

There's a fire that burns inside  
It's an instinct that never lies  
The target's tattooed between our eyes[Pre-Chorus]  
Stand and fight under the lights on the high stage  
A part of your life it can take away  
Just like the blood running through your veins

[Chorus]

Everyone's watching through your eyes  
There's only two options  
Win or die, win or die  
Win or die, die, die, die, die  
It went from a spark to an open flame  
Now destiny's calling out your name  
So reply, so reply[Post-Chorus]

And ignite

Ignite

Ignite

Ignite[Verse 2]

There's a power that's underneath  
And you can see it till you believe  
At the edge of infinity[Pre-Chorus]  
Feel the rush under the lights on the high stage  
A part of your life it can take away  
Just like the blood running through your veins[Chorus]

Everyone's watching through your eyes  
There's only two options  
Win or die, win or die  
Win or die, die, die, die, die  
It went from a spark to an open flame  
Now destiny's calling out your name  
So reply, so reply[Post-Chorus]

And ignite

Ignite

Ignite

Ignite[Outro]

It went from a spark to an open flame  
Now destiny's calling out your name

So ignite, so ignite
