

# Ultimate Love

[Bryan Adams](#)

Ain't no winners when you're dropping bombs  
Why can't we all just get along?  
I say "yeah" We can make it happen, we can make it better  
There's just one world we gotta live together  
I say "yeah" If I know one thing  
We're all searching for something  
We're all looking for love  
The ultimate love Too many people livin' on the street  
Can't make the rent, can't make ends meet  
I say "yeah"  
Everybody wants a quick solution  
Step right up and make a contribution  
I say "yeah" If I know one thing  
We're all searching for something  
We're all looking for love  
The ultimate love Now here's the main thing  
We all want the same thing  
We're all looking for love  
The ultimate love Flip a coin, peace or war  
Seems the free world ain't so free no more  
I say "yeah" Just imagine how bad it could be  
If you ain't scared, I think you should be  
I say "yeah"  
If I know one thing  
We're all searching for something  
We're all looking for love  
The ultimate love Now here's the main thing  
We all want the same thing  
We're all looking for love  
The ultimate love Looking for love, ultimate love  
Looking for love, ultimate love  
Ultimate love
