Don't Let It Bring You Down

Thomas Newman

Old man lyin' by the side of the road
Where the lorries rollin' by
Blue moon sinkin' from the weight of the load
And the buildings scrape the sky
Cold wind rippin' on the valley at dawn
And the morning paper flies
Dead man lyin' by the side of the road
With the daylight in his eyes
Don't let it bring you down
It's only castle's burning
Find someone who's turning
And you will come around
Blind man runnin' through the light of the night
With an answer in his hand
Come on down to the river of sight
And you can really understand
Red lights flashin' through the window in the rain
Can you hear the sirens moan
White cane lyin' in a gutter in the lane
And you're walkin' home alone
Don't let it bring you down
It's only castle's burning
Find someone who's turning

And you will come around
Don't let it bring you down
It's only castle's burning
Find someone who's turning
And you will come around
Old man lyin' by the side of the road
Where the lorries rollin' by
Blue moon sinkin' from the weight of the load
And the buildings scrape the sky
Cold wind rippin' on the valley at dawn
And the morning paper flies
Dead man lyin' by the side of the road
With the daylight in his eyes
Don't let it bring you down
It's only castle's burning

Find someone who's turning
And you will come around
You will come around
Don't let it bring you down
It's only castle's burning
Find someone who's turning
And you will come around
