

# Wherever You Are

[Mark Chesnutt](#)

Once in a lifetime, love comes along  
And I know it's you that I'm waiting on  
That sweet promise of our first kiss  
Keeps me hanging on through times like this So wherever you are, I'm thinking of you  
Wonder if you're thinking of me too  
There's only so long time can keep us apart So until we meet, keep me in your heart  
Keep wishing upon that same old star  
And know that I love you wherever you are Can't say I know what you look like  
But you're in my heart and you're on my mind  
And I feel your love deep down in my soul  
When I finally find you, girl, I'll know So wherever you are, I'm thinking of you  
Wonder if you're thinking of me too  
There's only so long time can keep us apart So until we meet, keep me in your heart  
Keep wishing upon that same old star  
And know that I love you wherever you are So until we meet, keep me in your heart  
Keep wishing upon that same old star  
And know that I love you wherever you are  
That I love you, I love you wherever you are
