

Alone Tonight (Above & Beyond's Club Mix)

Above & Beyond

Slipping sideways, silver stars collide
And fade away just like our love that died
And there is nowhere in this universe to hide
From you tonight I've wrestled with angels all my life
It's always the haloes and the wings that keep you blind
And if I'd fought with all the strength I held inside
I wouldn't be out here
Alone tonight I wouldn't be standing alone tonight.
I wouldn't be standing alone tonight.
I wouldn't be standing alone tonight.
I wouldn't be standing alone tonight. Woaaaaah Alone tonight, just like the western star I'm sinking
The angels curse me blind with straight and crooked thinking
Alone tonight, just like the western star I'm sinking
The angels curse me blind with straight and crooked thinking Slipping sideways, silver stars collide
And fade away just like our love that died
And there is nowhere in this universe to hide
From you tonight I've wrestled with angels all my life
It's always the haloes and the wings that keep you blind
And if I'd fought with all the strength I held inside
I wouldn't be out here
Alone tonight Woaaaaah...
