

Questions and Answers

Sham 69

As soon as we are born
We're told what to say and do
But only a friend can know the you that's you So think before you do what they say
It's your life so go your own way
Questions and answers, honesty, lies
Yes, no, you can't, but you can and you know why Arguments your statement
Just say look I'm alive
Just doing what you think is right
Will help you to survive So think before you do what they say
It's your life so go your own way
Questions and answers, honesty, lies
Yes, no, you can't, but you can and you know why There is no one that should tell you
What you can and cannot be
The world was made for all of us
For you and yes for me So think before you do what they say
It's your life so go your own way
Questions and answers, honesty, lies
Yes, no, you can't, but you can and you know why
