Inverted

Lorn

[music: Lemay / lyrics: Lemay]Truth before your eyes
Sheltered you in lies
Through the cross, you'll find
The peacefullness once promisedFlesh denied for life
By using Christ as an acolyte
Enrolled in reclusion
Serinity will be just illusionUpright you praise the serpent
To God, you claimed being a servant
Through sin, within you hold
Your feebleness and filthy soulWhy preaching about love and hate
When blindness enlighten your own faith
Inverted behavior
Integrety is the only saviourDeep, is, your devotion
For the lefthand side
Peace, you connot give
To the confessed onesFalse, is, your compassion
For the crucified
In which your trueself
Will persist to hideTruth before your eyes
Sheltered you in lies
Through the cross, you'll find
The peacefullness once promisedFlesh denied for life
By using Christ as an acolyte
Enrolled in reclusion
Serinity will be just illusion
