To See You Coming 'Round the Bend

Yonder Mountain String Band

To see you coming 'round the bend
I just can't think of anything
That could make me smile like you can
When you're coming 'round the bendI've been in love a time or two before
And all of that experience allows me to be sure
That you're the one
Sure as darkness brings the rising sunTo see you coming 'round the bend
I just can't think of anything
That could make me smile like you can
When you're coming 'round the bendWe both share the trials of the road
Cursing all the miles and the nights we spend alone
But then I smile
You've been waiting for me all the whileTo see you coming 'round the bend
I just can't think of anything
That could make me smile like you can
When you're coming 'round the bendI know the sun can hide behind the clouds for days
And I've walked down crowded streets
And never seen a smiling face
It's times like those when I just close my eyes and pictureWhen I'll see you coming 'round the bend
I just can't think of anything
That could make me smile like you can
When you're coming 'round the bend
