Close Friends

B.O.G Rell

We started off as close friends
And now you there for a ni*ga girlfriend,
Girl when we fucked we did everything,
I should of got yo ass a diamond ring
Now you his queen.
Everything was so cool,
And if it ainâ€™t you got me so fooled,
Want one more chance to hold you close soon
Girl I canâ€™t lie I miss the old you.

You took advice from them lil bitches
Now look where we at.
How they gon advise you on shit that they ainâ€™t never had,
A ways I mind your grinding
How you go get that bag.
Never ask me for shit, it all because you always had
But since Iâ€™m being honest girl thatâ€™s what it is then
I never cuffed you cuz I was still with my bitch then
And at the time I just thought that she was the better option
Plus our familyâ€™s beefing
It was some fucking tossin
I rode that bike in the cold till my fingers froze
And I call bussin just to spend ten minutes with you
Now Iâ€™m bossed up,
But I fucked up before the come up
If you forgive me, girl everything I got imma give it to you

Iâ€™m missing on you
Miss kissing on you
Licking on you
Dicking on you
I know I broke you I canâ€™t stand that he fixing on you
And you so perfect,
I just canâ€™t see him dipping on you

Last time we spend time I was so well dressed
Gold on my teeth
And diamonds on my wrist and neck
Did it unpurpose

I can tell that you wasnâ€™t impressed
That ni*ga love got you going, acting distant
That ni*ga live got you going, acting different
And this shit got me writing songs on some self shit
I only hit yo fucking phone cuz I want you back
You only hit my fucking phone when you wonâ€™t get him back

Iâ€™m still in love with you
Still wanna fuck with you
He still teaching you shit when you got a substitute
I knock you up
I swear our kids would be so fucking cute
Yo ni*ga lurking
I canâ€™t even keep in touch with you

Donâ€™t know when Iâ€™ll hear from you again
Too much invested for us to try being friends
I know some shit that I wonâ€™t say
Cuz I donâ€™t wanna see you cry
And you still wonâ€™t leave his arms and come running into mine

We started off as close friends
And now you there for a ni*ga girlfriend,
Girl when we fucked we did everything,
I should of got yo ass a diamond ring
Now you his queen.
Everything was so cool,
And if it ainâ€™t you got me so fooled,
Want one more chance to hold you close soon
Girl I canâ€™t lie I miss the old you.
