

A Wolf in Geek's Clothing

The Naked and Famous

Don't sweat
Take a bow
Don't fret
It's over nowOverflow
Shake a fist
Howling at
The emptinessFelt something
Starts to burn
Fades away
The wind, it turns
Ashes flow
Moon is glow
Run away
Forget the dayDown and out
Nothing's doubts
Let's get
The molting out
Make a space
Set it free
Tug or pull
They will seeFelt something
Starts to burn
Fades away
The wind, it turns
Ashes flow
Moon is glow
Run away
Forget the dayForget the day, forget the day, forget the day
