Fall into the Party

Twin Atlantic

Waiting for the night to implode
Anticipating drama i hope you know
A darker place where we can get together and rageEasy, easy, easy
I hope you know i'm only teasing, teasing, teasing
And now I've found another reason, reason reason
for why you make me wanna screamYeah, yeah, yeah, yeah, yeah, yeah, yeah, yeah
I'm the only one
Yeah, yeah, yeah, yeah, yeah, yeah, yeah, yeah
I'm a loaded gun
Something in the mirror makes it easy to see
I'm just an idiot staring at meFall into the party
Make friends with everybody
Why so serious
Are your dying to get lost
Something
Tells me i can be seen
I live my life on the edge
This is how i role
When i feel invincibleWatching
Both my pupils dilate
Flashing lights and adverts i hate
Every single fucker inside the roomC'mon, c'mon, c'mon
I don't understand the problem, problem, problem
I just want a little fun with, fun with, fun with
Everybody who playsYeah, yeah, yeah, yeah, yeah, yeah, yeah, yeah
I'm the only one
Yeah, yeah, yeah, yeah, yeah, yeah, yeah, yeah
I'm a loaded gun
Something in the mirror makes it easy to see
I'm just an idiot staring at meFall into the party
Make friends with everybody
Why so serious
Are your dying to get lost
Something
Tells me i can be seen
I live my life on the edge
This is how i role
When i feel invincibleC'mon, c'mon, c'mon
C'mon, c'mon, c'mon

Oh
C'mon, c'mon, c'mon
C'mon, c'mon, c'monWaiting for the night to implode
Anticipating drama i hope you know
A darker place where we can get together and rageFall into the party
Make friends with everybody
Why so serious
Are your dying to get lost
Something
Tells me i can be seen
I live my life on the edge
This is how i role
When i feel invincible
