

Sugar Moon

Dewolff

That's deep enough, baby put your shovel down
We can talk it over, of the ground
I guess you know ain't no body gonna hear me moan
Oh and I know what'ya thinking (the sugar moon)
Ain't gonna take you home I know you believe in him but you do not need to prove it to me
I've looked inside your heart it's not a place I'd like to be
And I do believe in fury
I've looked into your eyes there is not much else that I can see Oh baby I know what'ya thinking (but the sugar
moon)
Ain't gonna take you home, no not tonight
Oh and I know what you've been drinking (the sugar moon)
Ain't gonna drive you home Refrain:
Sugar moon, sugar moon
Ain't gonna drive you home
Sugar moon, sugar moon
No baby not tonight
Sugar moon, sugar moon
We gonna take you home
Sugar moon, sugar moon Interlude:
Tell me baby who do you think I am
(Because it,) seems like you, used me like a woman use a man
Tell me who do you think would ever love you
I got the answers, oh baby yes I do
You're the unlovable evil evil goddess Gaea, but I
Wouldn't have it in the other way, baby that's all I need. 3x
Oh ohhhh... Oh and and I know what'ya thinking (sugar moon)
Ain't gonna take you home Refrain:
Sugar moon, sugar moon
Ain't gonna take you home
Sugar moon, sugar moon
No baby not tonight
Sugar moon, sugar moon
No the sugar moon ain't gonna take you home
Sugar moon, sugar moon
