You Shine

Brian Doerksen

Why should I fear man
When You made the heavens
Why should I be afraid
When You put the stars in placeWhy should I lose hearts
When I know how great you are
Why should I give up
When Your plans are full of loveIn this world we will have trouble
But You have overcome the worldYou shine, brighter than the brightest star
Your love, purer than the purest heart
You shine, filling us with courage and strength
To follow YouWhy should I fear man
When You made the heavens
Why should I be afraid
When You put the stars in placeWhy should I lose hearts
When I know how great You are
Why should I give up
When Your plans are full of loveYou shine, brighter than the brightest star
Your love, purer than the purest heart
You shine, filling us with courage and strength
To follow YouIn this world we will have trouble
You have overcome the world
You have overcome the worldYou shine, brighter than the brightest star
Your love, purer than the purest heart
You shine, filling us with courage and strength
To follow YouYou shine, brighter than the brightest star
Your love, purer than the purest heart
You shine, filling us with courage and strength
To follow YouYou shine, oh Lord, oh Lord, give us courage
Give us courage and strength, to follow You
You shine to the ends of the Earth, oh Lord, oh Lord
We're gonna follow, we're gonna follow You
