Let Me Make Love To You

The O'Jays

Just, just, just, just
Let me make love to you, babyI won't hurt, I won't hurt
I'll treat you ever so gentle
I'll make every little thing alright
Honey, you'll never forget this nightJust let me make love to you, baby
I'll be good, I'll better then better
Neater than neater
Sweeter than sweeterI promise I'll do anything
You want me to do
Everything a man in love would doWhen the morning comes
Puts the night on the run
Cause we've only, we've only
Begun to laugh, begun to love
Baby, babyJust let me make love to you, baby
I won't stop, I won't stop
Til you ask me to
Tell me to, beg me toOh, baby, I'm counting on you
Darling, to make this wish come true
I tell you, I'm counting on you
I'm counting on you
To make all my dreams and wishesJust let me make love to you, baby
I won't stop, I won't stop
Til you ask me to
Tell me to, beg me toOh, baby, I'm counting on you
To make this wish come true
If you just let me
Make love to you, baby
To you, I won't hurt
I wont hurt, baby, no
I'll treat you ever so gentle
