Patience

This Providence

It's time we get out of here
We've been dancing down a seemingly beautiful road to trouble
Well everything feels so right
Though we know it's downright wrong [x2]Oh, you're so beautiful but I can't take...(then I can't tell what he says)[Chorus:]
And on that day we'll say,
"Hey, baby we've made it, we're on top of the world."
On that day we'll become everything we've dreamed of for so long to be
On that day, baby.Lets shine like the stars in a dark and dirty sky
Side by side we'll watch the perfect sunrise
We've been waiting through a seemingly endless night
Well when the sun comes up I'll be all yours and you'll be all mine[Chorus]And your name sounds so good when said with mine
Maybe we can run away and leave this troubled world behind
Well, well thats a stupid, stupid, stupid thing to say
Cause we're so young but we're not foolish, honey
Surely we can waitOn that day we'll say,
"Baby, we've made it. We're on top of the world"
And on that day we'll become everything we've dreamed and longed for so long to be
On that say, baby
