Be Somebody

Boy Kill Boy

Just suppose Im nearly done
And the crows are coming in wide
I could leave here for a while
At the most Im leaving insideJust suppose Im killing time
Since the tides still keeping me here
Maybe Im just feeling fine
And this smile is never sincereI could be somebody
I could be somebody else
I could save some money
I could be somewhere elseShut up and follow the signs
Get up and feel ourselves
Get up on the winning side
Sit up and see what sellsJust suppose Im nearly done
And the crows are coming in fast
I could stay here for a while
At the most Im staying insideJust suppose Im killing time
Since the tides still keeping me here
Maybe Im just feeling well
And this smile is never sincereI could be somebody
I could be somebody else
I could save some money
I could be somewhere elseShut up and follow the signs
Get up and feel ourselves
Get up on the winning side
Sit up and see what sellsI could be somebody
I could be somebody else
I could save some money
I could be somewhere elseShut up and follow the signs
Get up and feel ourselves
Get up on the winning side
Sit up and see what sells
